2019

ECS
President

郭育 教授

美國電化學學會(ECS)會長

The multi-functional high-k thin films

Yue Kuo is Dow Professor of Chemical Engineering with joint appointment in Materials Sciences and Electrical Engineering at Texas A&M University. Previously, he worked in industry, i.e., IBM T. J. Watson Research Center and Silicon Valley.

He received BS in National Taiwan University and Dr. Eng. Sci. from Columbia University. His honors include the Gordon E. Moore Medal, Fellow of IEEE, ECS, and AVS, as well as many other awards. He was the first chemical engineer receiving some of the semiconductor honors. His 2-volume TFT book is widely used in universities and industry. Prof. Kuo is the current President of the ECS.

Date : 2018/11/28 (Wed.) 9:30-11:30

Venue : R401, Delta Building

Host : 吳志明教授/陳學仕副教授

國立清華大學 材料科學工程學系
